

BEST VEIN CARE WEBSITE UNVEILED

BEST VEIN CARE website, unveiled at its Miami office, now goes live on www.bestveincare.com.

May 5th 2009: Best Vein Care announces the online presentation of its website today. The scale of the design can be viewed along with a wealth of informational content that will educate the public about the signs and symptoms of venous disorders and the importance of early diagnosis and treatment.

Best Vein Care believes that all patients have the right to receive the highest quality of care and, through its comprehensive validation procedure, differentiates vein specialists from others. Landmark in its approach. Best Vein Care is the only registry of its kind in the vein community.

The BVC Advisory Board, chaired by Chief Executive Officer, C. Duane Randleman, Jr., MD, commented, "We believe that the venue in which vein care is delivered is as important as the physician provider, therefore, we have developed quality standards that encompass not only state and federal regulatory guidelines, but vein-specific measurements as well."

About Best Vein Care

Born from a desire to help patients make smart health care choices, Best Vein Care is the bridge that links vein care patients with the top-notch vein care specialists and centers in their region. A Best Vein Care Center of Excellence or Preferred Physician Provider is synonymous with a commitment to pursue, achieve and maintain the highest quality of vein care today.

Privately owned and architected to provide the best registry of recognized centers and physicians, Best Vein Care's blueprint is deliberately fashioned to generate value to its audience by establishing a regulatory framework that defines excellence in vein care.

The strength of our value proposition becomes evident with the quality of content produced for our audience. Leaders in field, Best Vein Care provides both patients and physicians with up-to-date information relevant to their needs. The regulatory framework, transparency and technological measures that have been put into place to protect and benefit the patients are the foundation of Best Vein Care's success.

Website designed by creative team of Paramount/MD.
